

Minutes of General Meeting.  
June 12, 2012

**Attendance:**

There were 17 voting lots represented at the meeting, which was the minimum required to do business. However, two of the lots were not represented by members in good standing, so no quorum was available.

We did not decide to defer the meeting. Information on roads, the neighborhood cleanup, etc was discussed, but no decisions were made at the meeting.

The election for three board members will be held by mail.
